Dear Dr Waters

I am sorry but I do need to contact you as you have claimed defamation.

Could you please in terms of the act advise what is defamatory.

Please be advised that truth is never defamatory.

We are happy to remove anything which you find that we have said and is not true.

Every thing which has been published has been verified but on the off chance that we have not had a particular fact which makes any of our statements wrong please advise us of those facts and we will make suitable amendments

Please advise who your legal team is I will be happy to deal with them.

I will update my blog with this email.

Regards  
Grace Haden

Defamation Act 1992

<http://www.legislation.govt.nz/act/public/1992/0105/latest/DLM280687.html>

All correspondence and your website and associated websites run by Helen Wenley have been forwarded to our legal team.

I will ask once again please remove defamatory material from your websites. This is not a "threat" or "bullying" it is a polite request. Freedom of speech does not prevent us taking legal action for defamation.

Please do not contact me again.

regards  
Gerald

In view of your recent threats posted to the blogs, the blogs have been updated .

Please accept that bullying is not an appropriate action for a doctor and we are doing no more than exercising the right to freedom of expression.

Regards

Grace Haden
