Dear Ms Haden

“Corruption in MAF - Will You Hide It or Expose It” – Your Concern

I am writing in response to your email dated 14 September 2011 addressed “To the members of NEAC and NAWAC, senior management MAF and Ministers”. Receipt of your email and attachments is acknowledged. You raise concerns that there appear to be corrupt practises within MAF.

I have reviewed the history covering your letters to the Minister of Agriculture, and other Ministers including the Prime Minister, and your letters to MAF along with your requests for official information and your complaints to the Office of the Ombudsmen.

On the basis of my review I am satisfied that MAF has followed a proper process in all of its dealings with you and has acted with the professionalism that I expect from public servants. The audit into AWINZ found no evidence of any dishonest activity.

I do not intend to take this complaint any further.

Yours sincerely

Wayne McNee
Director-General

Ministry of
Fisheries
