Laurence,

Attached for your info is a copy of a memo to Neil Wells regarding the Caucus paper on the role of territorial authorities in delivering animal welfare services.

Points to note:

- 1 Neil commented on the penultimate draft of the paper and, apart from some minor amendments which I incorporated, he agrees with it.
- 2 He is most likely to contact your office to find out when the Minister might take the paper to Caucus.
- 3 Neil has briefed Bob Harvey (Mayor of Waitakere City and President of the Labour Party) on the issue. Harvey may well seek to speak to it if/when the Minister takes the paper to Caucus.

Let me know if you need further info.

Cheers,

Mark
