NEIL,

GOOD MORNING. ATTACHED IS BLURB SHEET AS REQUESTED.

CHEERS,
TOM.

Animal Welfare Services

A leader in the field of animal welfare and control, Animal Welfare Services (AWS) provides dog control, stock control and general animal control services to the Waitakere City Council and periodically undertakes contracted works on behalf of the Auckland Regional Council.

Animal Welfare Services is available to undertake animal control, animal welfare and related work on behalf of Territorial Authorities and other agencies and welcomes enquiries.

Vision: To serve the community in all aspects of animal welfare and control.

The activities of Animal Welfare Services preserve the concept of Ecocity by encouraging a safe environment free from the stresses of dogs, fouling, noise and aggression. The service adopts a proactive approach and promotes the motto "The key to effective animal control is to take an active and daily interest in the welfare of the animal".

Clerical staff are highly experienced, efficient and customer focused and operate an extremely effective administrative service.

All field staff are fully qualified 'A' Grade Dog Control Officers, are fully qualified Dog Bleeding Technicians and are experienced Officers with a range of between five years and twenty years experience in the field of animal control and welfare.

Animal Welfare Services is able to provide results in terms of enforcement of dog control, hydatids control, stock control, education lectures, displays, dog owner licensing, complaint response, dog registration, and is also available on a consultancy basis for specific issues which may need addressing whether they be animal management/behaviour problems or policy issues.

Reporting is results based as opposed to activity based which reflects the focus of all work undertaken.
