Subject: UNITEC

David

I have spoken to Judy Nicholson, Head of Department at UNITEC.

She is comfortable with the delay. It means that the National Certificate will be hooked onto the National Qualifications Framework before the course is launched, rather than during; there will be time to get RNZSPCA on board; and in that time the policy can be issues can be resolved.

This will, I trust, give us some breathing space.

Regards

Neil

PS: Today I will be sending to your home address some papers for comment. I will be meeting Catherine on Wednesday next week to discuss it.
