We are on a roll this week with new GSD's!

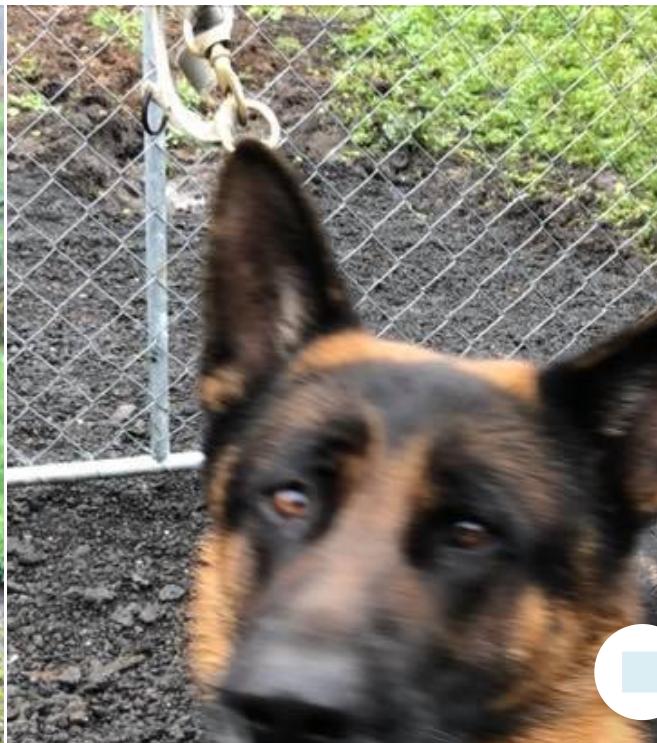

Tama came board Friday in an effort to cover filming duties, today we had arrive from Auckland SPCA a special wee girl named Dixie 😊

Dixie was born into this world at Auckland SPCA and ultimately nursed by my own Lab/Staffy Cross Ebony, who assisted by providing the last of her puppy milk to Dixie's litter, their mother in dire need of a rest, unable to continue nursing these pups.

Having now gone full circle, Dixie has been lovingly cared for by her foster mum Gill and now is in our care for some basic training and conditioning before moving to the South Island and a very special home with Fiona.

We are fortunate to have been in a position to support Auckland SPCA, on many levels we support such agencies to meet their expectations and for us it is a privilege to work alongside such dedicated individuals.

Welcome Dixie ❤️
